Citation issued for 89/9. Female operator exited vehicle after being issued a warning for the offence to complain about the fact that there was another Officer (Officer Sumner) on the other side of her car during the stop. For her safety I ordered her back into the car and spoke to her about her concerns. It appears that the presence of the other Officer made her fearful. I explained to her that she was in no way in danger and that the other officer was there for my safety. She then advised me that I should get the chip of my shoulder and left the scene after I insured she had no additional concerns.

Narrative:

Multiple callers report hearing gun shots in this area. All available units sent. Montague PD received a rollover call from 29 Allen, caller reported a window may have been struck. Caller reports vary from 3-6 shots heard, with 3-4 young males said to be in the area.

Narrative:

On 04/16/07 I was called to Allen street in the area of #'s 40 and 42. On arrival I spoke with Officer Bunk and Det K. Rowell both stated that there had been a shooting. It had taken place in the area, and they had found a 45 cal shell casing in the tree line. They wanted me and my K-9 to attempt a track from the shell casing. I collected the casing placed it in a plastic bag. I took my K-9 presented it to him and gave him the command to track. K-9 began circling the area in a attempt to locate the scent trail. Once he located the trail he began pulling hard on the leash head down in the tracking position. K-9 went into the yard that is between #40 and 42. He began circling in the yard and pulled hard toward a fence in the left rear corner of the yard. He then tracked back along the side of #40 to the front porch. K-9 went onto the front porch. He went up to the entrance door on the porch. He pawed at the door and it opened. Once inside the hallway K-9 began circling around. Through my training and experience. this action indicated to me that he was in what is called a pool of scent. I took K-9 out of the hallway and back in the yard area he went right back to the porch and back in the hallway. It appeared that this was a secondary door to the house and not used. I took K-9 out of the hallway again and to the rear of the house. At this point K-9 put his head down in the tracking position pulled hard on the leash through the driveway to the corner of the house where the fence meets the house. There is a gap in between to house and the fence were a person could walk through. K-9 tracked from the gap in the fence along the side of the house to the rear porch. K-9 went up on the porch all the time head down pulling hard on the leash. He went past the entrance door, but he gave a head snap and returned to the door. At this point he began clawing at the door and jumping up on it aggressively. I opened the door and K-9 went inside the hallway. Once inside the hallway he began give the indication that he was in a large pool of sent. Due to the enclosed area K-9 could not give a indication on a door inside the building. Track concluded.

Narrative:

0744 hrs on scene
0745 hrs at door
0747 hrs entry made
0748 hrs team in and site secure
0749 hrs perimeter units secured
0750 hrs Alpha team cleared an area

Narrative:

114 code 5, on a 7.

Narrative:

On this date and time, I was Alpha team entry leader. I was briefed by Det. K. Rowell on the scene and the search warrant. I looked over the search warrant prior to execution. Lt. Gordon, who was Bravo team leader and I discussed approach and scene.

Once authorization was given to proceed to this location. Alpha team approached the front door. The exterior door to the common hall was open. The interior door was closed. There was no changes in the scene and we knocked and waited for some sort of response, when there was none, entry was made by Det. Clark with the ram. The door was locked. Once inside the team proceeded through the house clearing all areas. Bravo team was assisted with entry at the back door.

Once the apt. was cleared, search teams were set up and under the instruction of Det. Williams.

I called the property owner, Mr. Shula, I requested that her respond to this location. Upon his arrival I advised him of what had taken place and once the apt. was secured, I showed him through.

Once Det. Williams authorized clearing the apt. was turned over to Mr. Shula, he was advised of his options.

Dispatch Log From: 04/01/2007 Thru: 05/31/2007 0000 - 2359 Printed: 09/26/2007

not seen David Murphy for approximately a week and a half but, has spoken to him on the phone recently. She was asked by Cpl Dodge if we could search her residence for Murphy. She stated no because he was not inside the residence. Cpl Dodge advised this was the address Murphy stated he resides at and officers will be coming back to check for same. She then stated all officers on scene could check her residence for Murphy. The residence was checked and Murphy was not inside the residence. Ms. Staelens stated she would contact his probation officer Mr. Brown and advise he does not reside at this location. All units cleared.

Narrative:

Owner of residence, Nadine Staelens came to door. I advised her of the reason for our presence and asked if we could enter to attempt to locate David Murphy. At first she stated no because he no longer resides here. She stated he has not resided here for approximately 2-3 months. I explained to her that the last time I spoke in person with Mr. Murphy he stated to me that he still in fact resides at this address with her. I explained to her that because he continues to give the police this address, we continue to check here for him when warrants exist for him. Ms. Staelens then granted us permission to enter her residence to check for him. She stated, "then come in and check," backed into her residence and turned on the livingroom light. Ms. Staelens then sat down on the livingroom coffee table while we swept her residence. I explained to her that officers were also out back and asked her for permission to allow them inside. Ms. Staelens granted them permission and I allowed Officer West with K9 Tyko, and Officer Sumner in the back door. The residence was checked and Murphy was not located.

Narrative:

Spoke with Mrs. Baraban who advised this morning she had her friend follow her for directions in his Jeep Grand Cherokee and approached intersection Nash's Mill Rd and Leyden Road. She stopped but her friend, Yagolnikoo believed she proceeded into traffic lane and collided with the rear end causing damage to her Caravan. She did not report the accident at the time due to the circumstances of her friend driving back to Virginia. She now reports some neck and back pain. She was advised to gather all information from Yagolnikoo and pass on the information to her insurance company for follow up. I observed the rear hatch to van to have heavy damage. No further action by this officer due to the delay in report and circumstances.

Schacht then left Lilac Ct. and encounter Baumgartner at the entrance of Bayberry Ct. where Baum told her to stop starting problems. Schacht reported that Baumgartner punched at her from the passenger side open window making contact with her chest. I then spoke with Baumgartner who advised that she did not punch Schacht and that Schacht was continually screaming profanity while passing by at her apartment. Xeno confirmed that Baumgartner only pointed her finger towards Schacht but did not punch her. Schacht was advised to file her own complaint due to the inconsistencies.

Narrative:

Female party into station claiming her boyfriend kidnapped her two children. In talking to RP she gave her boyfriend the two children (he's the bio father) because she admitted herself into detox. This was a verbal agreement and she had no reason to believe her children would be in danger. Now that she's out of detox she wants her kids back. RP went to DSS to make a report, she said she was advised to go to the police department.

Father is living in Chicopee. RP advised this was not a kidnapping and/or parental interference. I spoke with DSS worker (Jessica) who has no reason to believe the children are in danger. RP advised she would need to go to probate/family court to seek a court order to force the father to return the children. RP said she would speak with someone at the courthouse tomorrow.
