Narrative:

Report of a malicious destruction to property at this location. Officer to investigate.

Caller reports that the pumps at this location were just shot with a BB gun. Unknown where the shots were fired from. No officers available at this time.

Narrative:

RP stated he was shoveling snow outside of station near pump #6 when he heard what he described as an airgun going off several times. He then stated that he heard a "tink" that sounded like metal striking metal. He pointed out a ding on pump #6 that he claims come from an airgun. He further stated that there were several people outside the Greenfield Inn, across the street. Based on my experience, the ding did not appear to have been made by an airgun, but rather something with a pointed end. Further, based upon the angle which the ding occurred, if it was created by an airgun, would have to have originated at Applebee's (which was closed), not the Greenfield Inn. RP stated that he did not see anyone near Applebee's at the time of the incident.

Narrative:
Spoke with Sweeney on scene who advised that he was looking for his ex-girlfriend, Bukowski, at the residence. Bukowski was apparently with Spear. Sweeney approached house which is being renovated by Spear and Sweeney had also been working carpentry on the house. Sweeney reported that Spear grabbed onto his sweatshirt and came at him with a screwdriver. I spoke with Spear who advised that no screwdriver was used and that Sweeney had entered the residence uninvited after calling his cell phone approx. 10 times throughout the day looking for Bukowski. Spear advised that he told Sweeney to leave. I later spoke with Bukowski after she was arrested on warrants who reported that she witnessed the incident and no screwdriver was involved. We cleared the scene and Sweeney left. We later contacted Sweeney and requested that he proceed to the station to write a statement. Sweeney was reluctant for an unknown reason. Awaiting written statement from Sweeney for follow up if applicable.
